In the fall when the band began to practice marching, it seemed as though May was far away and Laura Race dreamed towards graduation.

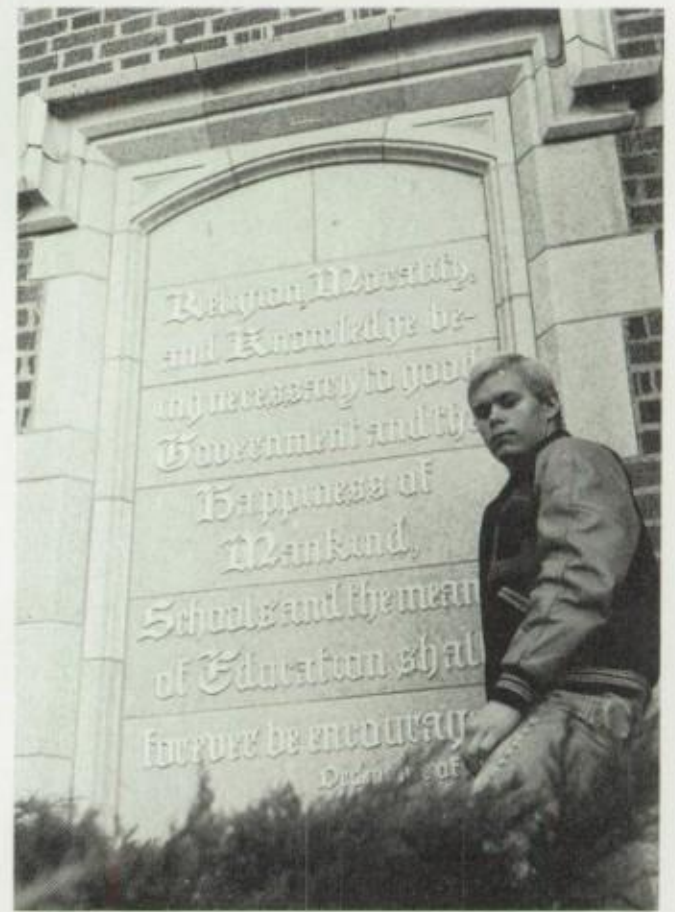

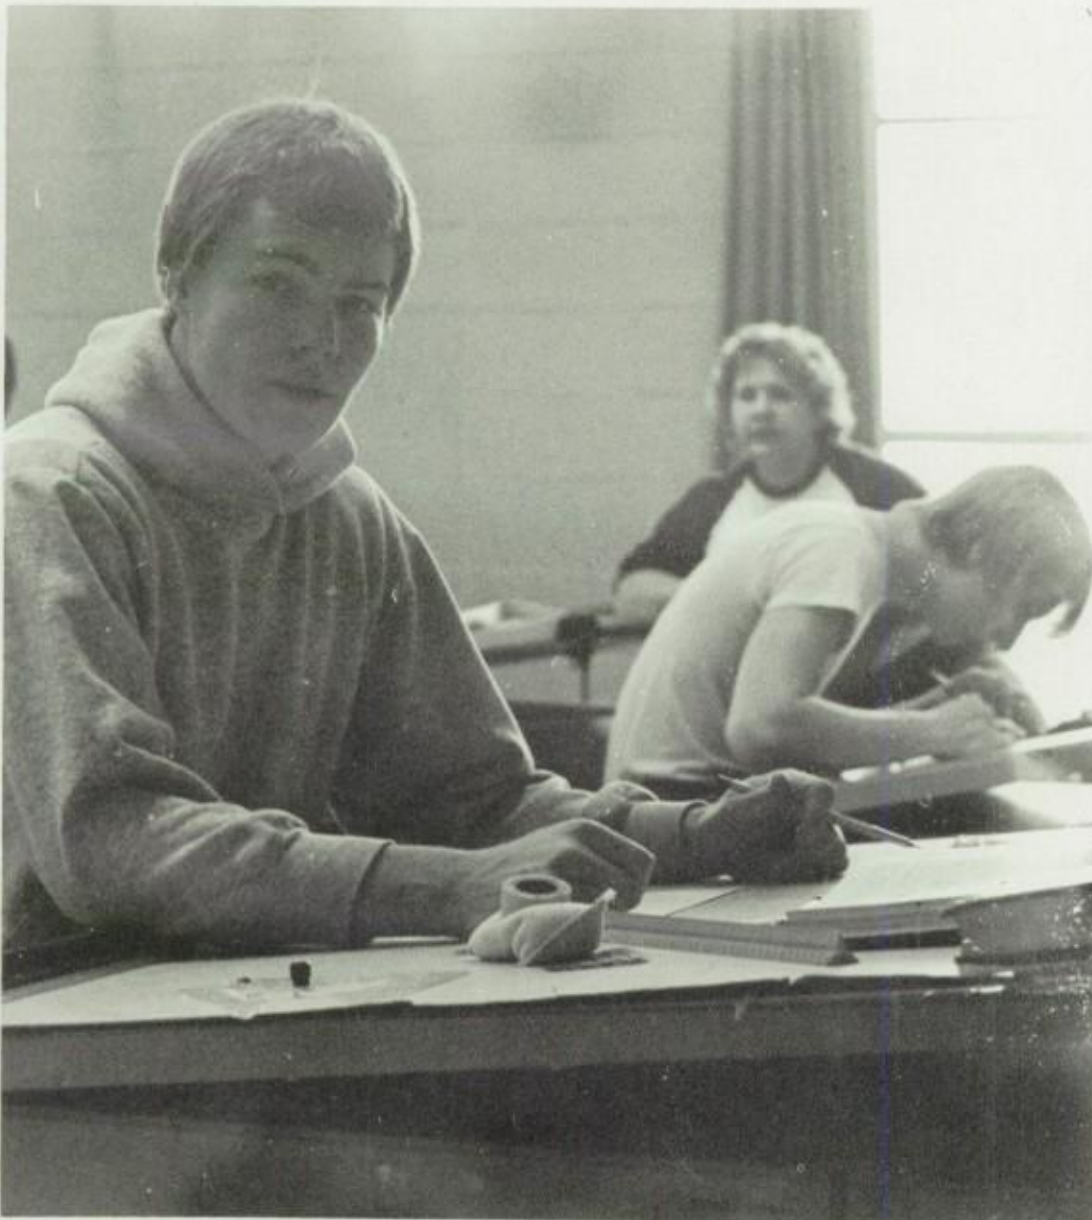

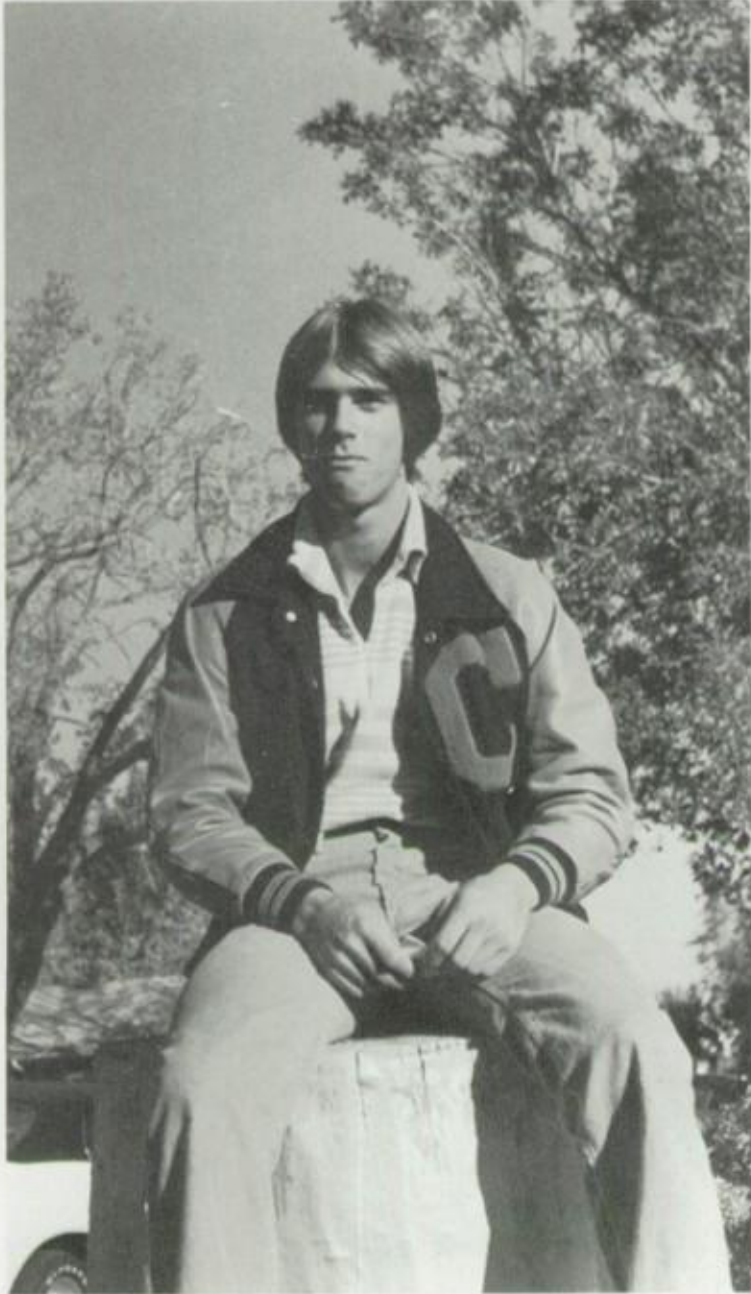

Things moved rapidly in the winter as many activities were taking place. Several athletic events faced state competition, including gymnastics as Coach Rich Melvin takes his team through warm-up exercises. Then, suddenly, it was all over and Eddie Hutton expressed the feeling of all students: Whee!

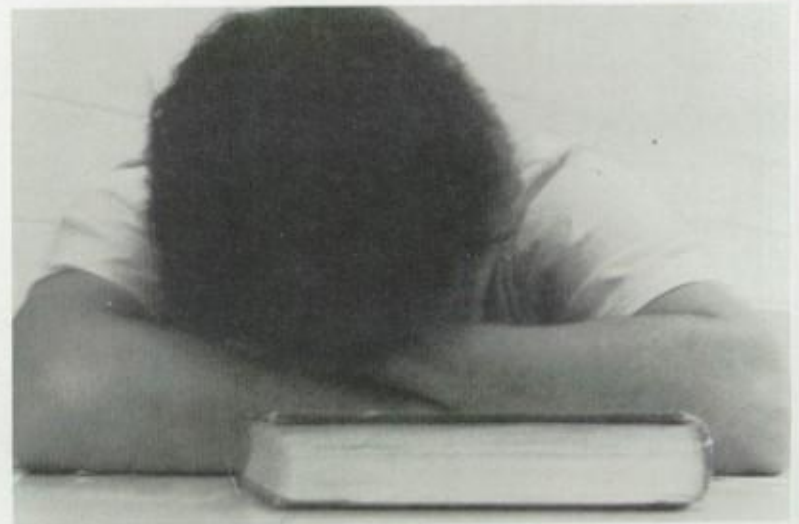

Warm weather lasted an unusually long time and students found time to play a new ball game, Hacky-sack.

The campus and Mercer House charmed many students; (right) Mike Stroud examines one of the creeds on the building; John Beaver considers house plans in architectural drawing.

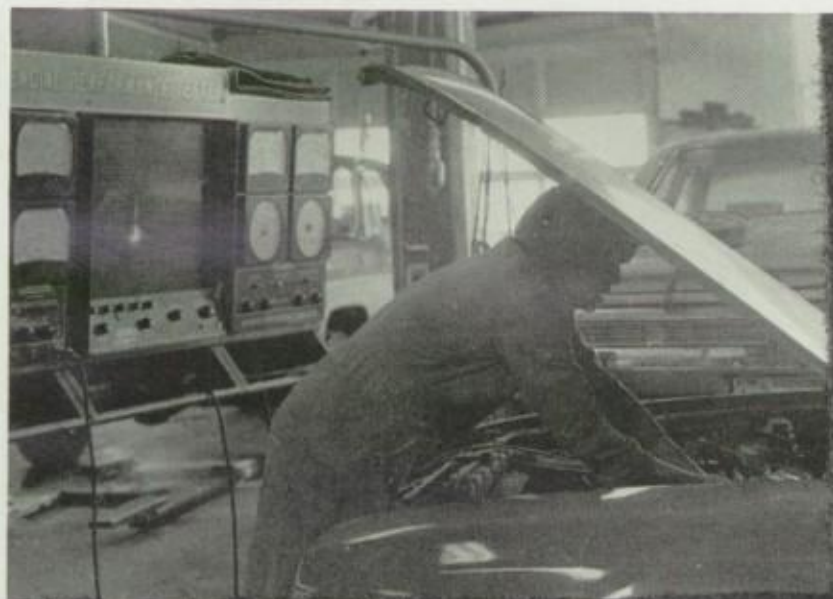

Not all students spent time outdoors. (Counter-clockwise) Cindy Reed checks excuses in Miss Drew's office; Bruce Crowell is literally stumped; Mark Kerr grabs 40 during a lecture.

Despite the warm weather, classes occupied most of the time of most students. (top) Showing some of the tools used in auto maintenance are Tom Berger, Shaun DeJaynes, Greg Evanoff, Wade Ravert and Kevin Hool. Vocational classes boomed as (clockwise) a student works on his car in auto shop; Dirk Noblitt develops film in media; two Vo. Ag. students repair a motor; and members of the telecommunications class confer on a script with Mrs. Houser.

Natrona Mustangs Gobble the

The Mustangs completely dominated the Cobblers for three quarters and won their eighth victory of the season. Quarterback Dick Tobin had the best day of his career, when he completed five of ten passes, and kicked three extra points. Rob Burton kicked an extra point and connected on a 42 yard field goal.

Pictured at the left is number 11 Dick Tobin, quarterback as he takes the hand off from center Kris Gaddis, and puts the play in action, with lineman Bob Radke and safety, Greg Evanoff to insure it will go as planned. Photo by Bob Smith.

Juniors used the theme "Cobblers Bite the Dust" for their second place float.

The Sophomores "Canned" the Rapid City Cobblers.

Cobblers in 31-20 Victory

A happy Homecoming Court smiles for pictures after the crowning on October 17th 1980. King was Geoff Lower, Queen Chris Rizzi, 1st attendants were Renae Ryall and Kenny Mayer, 2nd attendants Jennifer Aley and Rob Burton, 3rd attendants Rob Welo and Alexa Brenton, 4th attendants Lloyd Underwood and Patsy Pancratz.

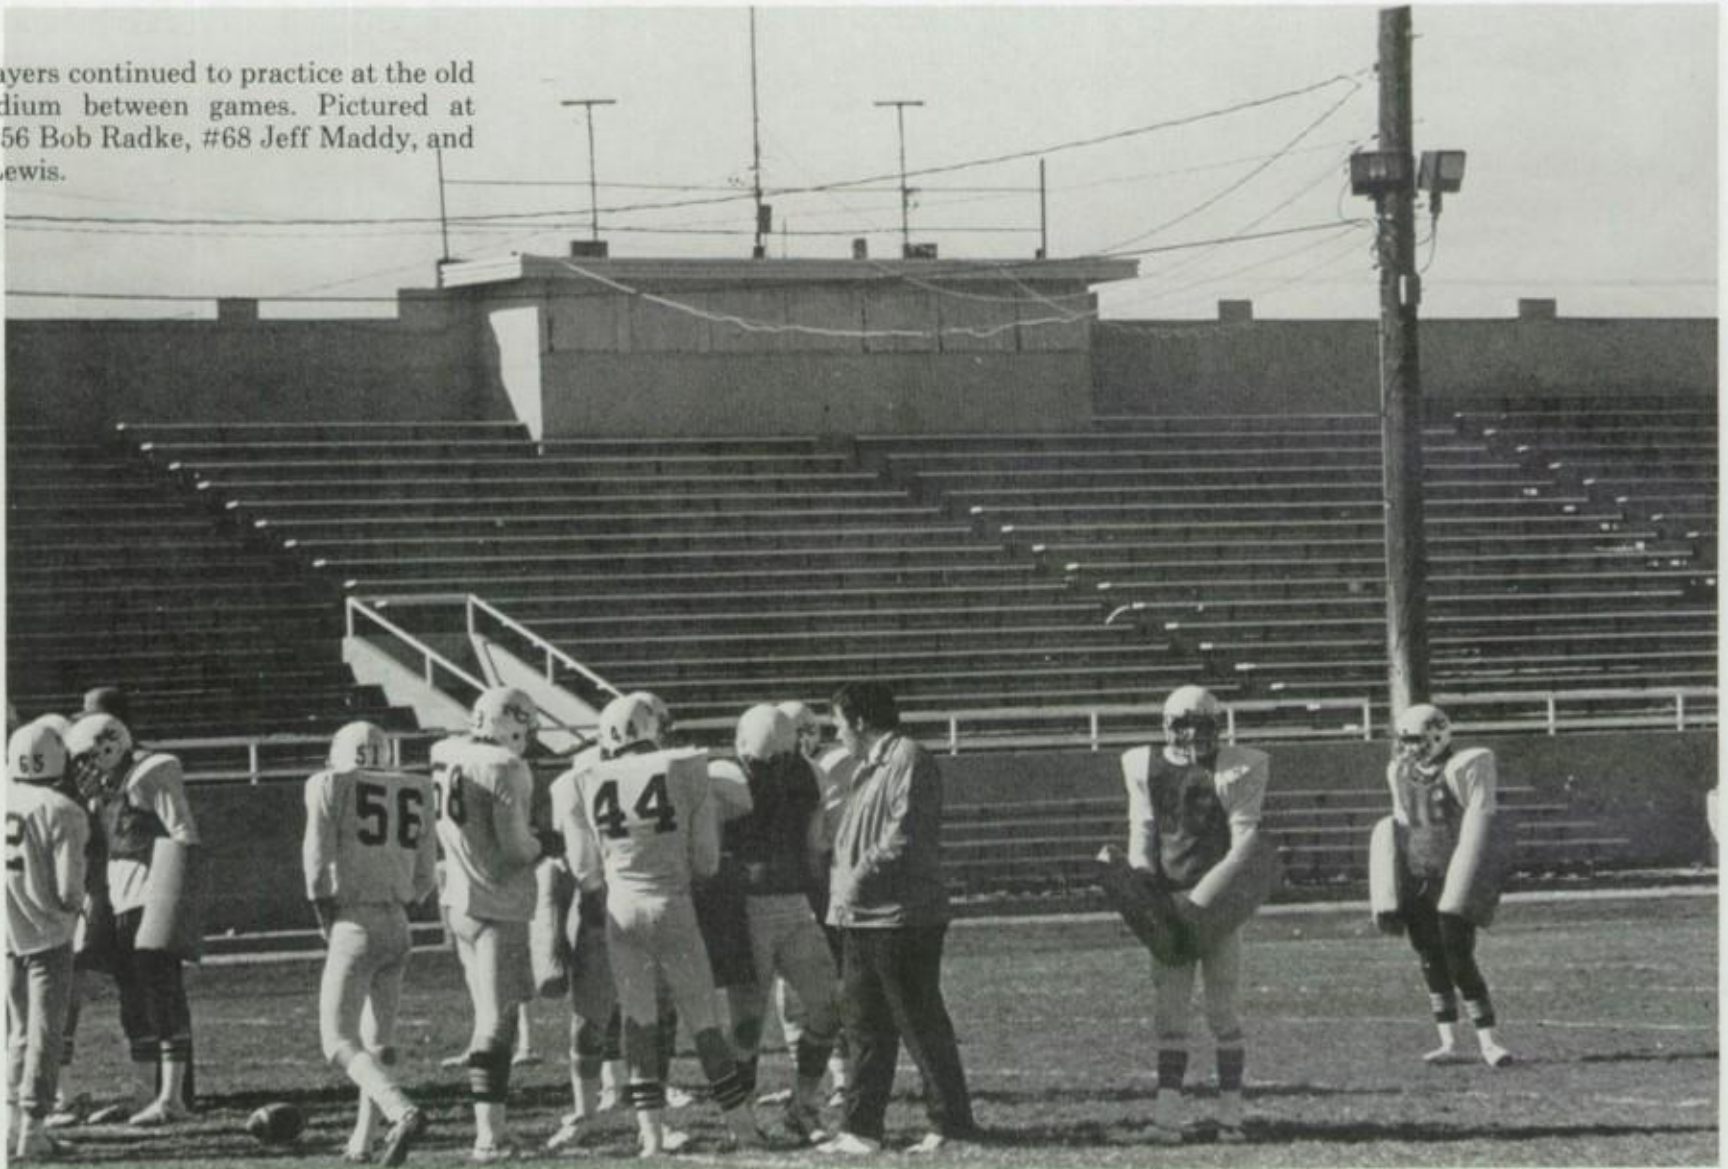

With a slogan of "Clobber the Cobblers", the Seniors, class of 1981, took first place in the float competition.

The ROTC unit served as Color Guard to the Homecoming Day Parade.

Football Games Move Over To The East Side Of Town

Football players continued to practice at the old NCHS stadium between games. Pictured at right, are #56 Bob Radke, #68 Jeff Maddy, and #44 Rob Lewis.

Fans had the pleasure of attending football games at the new Kelly Walsh stadium. Players, #82 Rob Erickson, #14 Onston Placid, #20 Mike Dwyer, #61 Rich Boberg, #77 Fritz Horning, and #89 Blake Higgs were watching the Rapid City Cobblers trying to maintain field position.

Students Remember The Old Stadium But Welcome The New

The basic football stadium area has changed since this aerial photograph was taken in 1934.

The 1980-81 NCHS football season opened with fans attending games at the new Kelly Walsh stadium. The new stadium cost \$1,300,000 and will seat 4,000.

The stadium facilities include an all weather track, press box area, ticket booth, and concession stands. There are two sets of dressing rooms underneath the stadium.

Although the old NCHS stadium has been retired except for sophomore games and football practice, it has been a historical part of Casper's growth. The NCHS stadium was completed in the summer of 1934 at the cost of \$42,000. The stadium was a WPA project that cost Natrona County \$16,000. It has a seating capacity of 4,000 people.

Stadium construction was supervised by W.G. Hawkins who hired 150 men under the Civil Works Administration. The stadium was built of cement with wooden seats. It had facilities for two dressing rooms, garage space for school cars, and a hot dog stand.

The stadium has been the home of over 190 varsity football games in the last 46 years. When the stadium first opened, it had electric lights but sod for a grass field was not added until 1947.

The nine head coaches that used the stadium, over the 46 years, were Scott, Blanchard, Kingham, Schwartz, Hileman, Briggs, Cheeley, Geldien, and Hill.

When the stadium was built it replaced the old "Green Grandstand" that consisted of green wooden bleachers and a 6ft. green wooden fence that surrounded the open field.

Board And Administrators

The Natrona County School District #1 Superintendent and School Board are responsible for establishing local school policy as defined by the State Department of Educational statutes. The school board consists of nine members who are elected to hold staggered terms in office. They are local residents who are concerned about public education and are willing to serve on the school board.

The board negotiates all employment contracts within the school district. They approve the placement of all certified employees.

This is Dr. Jacob Dailey's second year as superintendent. He has urged a crack-down of any illegal substance on school property. This action of increased supervision will create a healthier learning environment and try to control the drugs within the school.

Coach Hill Celebrates 100th Victory

Eight straight wins were rolled off by the Mustangs before losing in the Oil Bowl to Kelly Walsh. Their 7-1 record gave them a tie for the Conference Championship. The Jr. Varsity and Sophomore teams compiled a record of 13 wins and 9 losses. Coach Hill gained his 100th victory at Natrona in the seventh game against Laramie. This is a milestone and quite an accomplishment for Coach Hill. A black Stetson cowboy hat was given to Hill by the cheerleading squad. Tucked inside the hatband was a \$100 bill, representing his 100th win. By the end of the 1980 season, the Mustangs gave Hill his 101st victory.

Third Best Record In 30 Years.

The Natrona County Mustang Basketball team finished the season with a 19-4 record. The 3rd best record of any NC Basketball team in the last 30 years. The team was undefeated in non-conference competition and played in the tough Eastern Conference Championship where they won the Conference Championship and finished 2nd in the Regional Tournament at the State level. The Mustangs came from behind to beat Riverton and then in the semi-final game they beat Rock Springs in double overtime, in one of the most exciting games in State Tournament history. In the state championship game they ran out of time and lost a heartbreaker by two points to KW. They did, however, beat KW three times during the season. Robb Lewis and Mike Graefe made the All-Conference team and the All Regional team. In addition, Lewis, Graefe, and Rob Burton were named to the All State team. Coach Gerald Dalton was selected for the 2nd straight time by the coaches for EWAC "Coach of the Year Honors." The Mustangs played throughout the year with a strong group of Juniors. They gained valuable varsity experience which should again make them one of the best teams in the state next year and they will no doubt be a state title contender.

Shooting For The Top Spot!

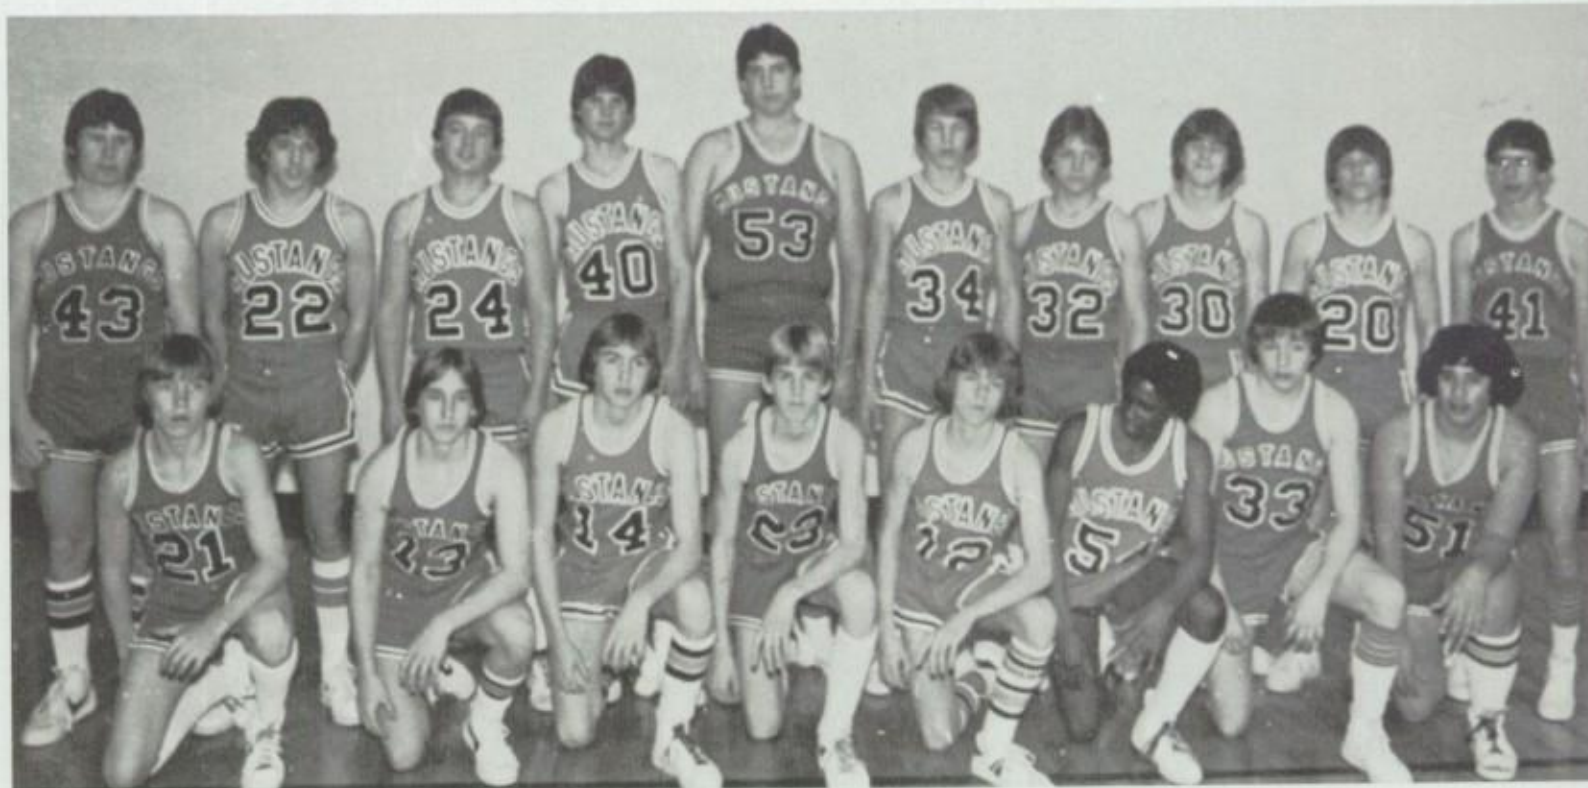

The 1980-81 Sophomore BB team enjoyed an extremely successful season. The team won 13 games while losing only 4. These boys defeated cross-town rival, Kelly Walsh four straight times, which tied the best mark achieved against KW Sophomores in basketball's recent school history.

Wayne Volker led all scorers on the team. He was also the leading rebounder. Sterling Schroefel had the most assists. Ryan Dettloff maintained the best field goal percentage, 48%. Doug McGee led at the free throw line with 62%. Darin Jones suffered torn ligaments and cartilage damage which was the most serious injury of the season.

Volleyball Takes Skill And Vitality

The Fillies had a good season finishing third in a tough evenly matched conference. In Regional play they beat Laramie in the first round, then were defeated by Central second round. In order to qualify for a position at State the Fillies needed to defeat Sheridan. They defeated Sheridan in the best and most thrilling game the Fillies played all year. At the state Tournament, Fillies lost a hard-fought battle to Worland who went on to become the AA State Champs. They were then defeated in the second round by Lander. Two players were named to the All-Conference team. They were Susie Eades and Lisa Volker. Lisa Volker was then named to the All-Regional Tournament Team along with her fellow Tri-Captain Chris Pierce. The Fillies had a tough but good season and should look forward to a great season next year.

This celebrates his 25th year supporting the students on the slopes.

The first ski team was organized in 1960-61. They traveled as an independent unit with no help from the school for two years. They drove their own cars and paid for the gas, tow tickets and entry fees. Anker Larsen took over from Mr. Ken Barnes, a local geologist, who was transferred to Denver. The High School was very unreceptive about getting a ski team. The first budget for the ski team was \$50.00 for all the expenses for the entire year of 1964-65. The amount of money was gradually increased until the present time when most of the skiers expenses are paid for by the school. All skiers must buy their own equipment. Years ago the Junior National Teas was chosen from the outstanding skiers on each ski team in the five surrounding areas. Since then Casper has had many skiers on the Junior National Team. Mr. Larsen has taken the Junior National Teams to Taos, New Mexico, Whitefish, Mont., Bozeman, Mont., Aspen, Colo., Steamboat Springs, Colo., At these meets the best skiers from Wash., Oreg., Idaho, Mont., Wyo., and Colo. competed.

Pom Pon Squad: Back In Black

(Top right) The wind sends this pom pon to the dust during a performance at the Kelly Walsh stadium to the song "Another One Bites The Dust". (Bottom right) Miss Payne wearing a dazzling smile, treats her job with excitement and exuberance.

The first Pom Pon Squad was called the Pepsters. They originated here at NCHS in 1967. They slowly faded away and in 1979-80 the first Pom Pon Squad started.

It all began with a sunburn in Logan, Utah for the seven girls chosen for the Squad. The girls left for camp at 4:00 a.m., July 8, 1980. After four long days of sun, work, and more sun they returned with a trophy for being the most improved squad.

They were ready to work and spent a portion of everyday practicing dance routines. They performed at football games in the fall and were such a success that tryouts were held again before the winter sports season. Eight new girls joined the team.

They found a new sponsor this year. Miss Maggie Payne, from Colorado, accepted the job. She feels that extra curricular activities are important during your high school years. She enjoyed being a pom pon girl when she was in school. This is her first year as sponsor and she is planning to continue next year.

Hitting Them With Their Best Shot

(Top left) Interest and enthusiasm is what made Dana Adamson, Patty McMillion, and Angie McCaskey exceptional Pom Pon girls.

Currently the NCHS Pom Pon Squad consists of fifteen girls. Pom Pon is a group of girls that devote their time, four sometimes five days a week from 7:00 to 8:00 in the morning, dancing in the big gym, to bring you half time entertainment during football and basketball games.

First row L to R Angie McCaskey, Dana Adamson. Second row Shannon Bertagnole, Carol Dunn, Sheila Lindholm. Third row Susan DeLuca, Valarie Mascarenas, Kim Troost, Cheryl Dunn, Robin Gatley, Tiffany Bushnell. Fourth row Stephanie Hale, Laurel Yeaman, Cheryl Shanklin. Not pictured Patty McMillion.

The band had a busy schedule of performances this season. They created spirit at the pep assemblies and football games. They played and marched in the homecoming parade. The city bands put on a gala musical program at the Oil Bowl game during half time, in which all the City bands performed.

Later in the year the concert bands from NCHS and KWHS combined for a concert at KW. It was free to the public. The band performed Brookshire Suite, Parada Espanola, and Inscriptions.

Early in the spring the band and jazz group went to the State Jazz Conference at Casper College.

Broadway Blues

54th Jr. Follies

"Broadway Blues" was the 54th Annual Junior Follies presented by the Class of 1982. Nathan Vincent, a Broadway producer, who was trying to revive a 1920's musical.

Not only does he revive the musical but he calls upon retired performers to star in the show. The story is highlighted with the production numbers; a waltz, polka, Charleston, and the Varsity Drag.

156 Juniors participated in the Follies which was directed by John Welsh. This was his 23rd Follies at NCHS.

The football team and the volleyball girls had their own dance routines. The boys stole the show with the Village People song "Y.M.C.A."

Judge At Laramie Competition.

The Vocational Agriculture class did some competitive judging this year. The students attended a 2 day workshop in Powell to prepare for the judging. They competed in a 3 day session in Laramie. They judged sheep, cattle, horses and swine in different classes. Some of the students attending the competition were Nancy Bodenhamer, Bob Britain, Nancy Leis, Jim Wambeke, Kelly Strand, Diana Polzer and Scott Van Patten.

The Vo. Ag. class also built some steel storage cabinets that are being used in the school.

"Hay Fever" by Noel Coward centers around a superficial English family, the Bliss. The Winter Production directed by John Welsh portrays the cast as a neurotic family visited by unsuspecting guests.

The guests arrive to enjoy a calm peaceful weekend but find that the family insists on playing silly games. Each member of the family is only concerned about their own interest. They ignore their guests so they decide to leave the insane Bliss home and motor back to London.

Happiness Is Going To Spain

Last summer, 37 Spanish students went to Spain for 28 days. The first place they went was Madrid where each student was assigned a family to stay with for three weeks. They were divided into groups and met every day with an American teacher for lessons. Each student was to write a diary and turn it in after the trip. The group had several opportunities to go sight-seeing and visit other cities. Three of the students, Amie Davis, Jamie Peck, and Lynn Stiles celebrated their birthdays with a party and cake.

Friendship Week For Judy.

This year the Student Council sponsored special days during Homecoming Week. They had Western Day, Black and Orange Day, Glasses, Hat and Mask Day, Clash Day, and Century Day. The Council also sponsored a paid for the Homecoming Court Breakfast. This year was the 3rd annual Mr. Mustang contest. To raise money for Judy Kosalo they had Friendship week where they sold carnations. They raised \$250-\$300. The Wyoming Association Student Council held a 3 day Legislative Training session in Cody, which NC Council members attended. Pennants and shakers were sold at sport events, they allowed students to get in for ½ price. The Student Council elections and picnic were held in May.

Parlez-vous Francais?

Sightseeing was a major part in the Experiment of International Living. Students were able to visit famous landmarks like the Notre Dame (top left) and Mont St. Michel (above).

The group gathers at Luxembourg for lunch. Pictured are: (standing) Matt Brown, Paula Horning, Corinne Brown, Tom Hirst, Craig Miller, Monica Draper, Tracy Brockman, Jerry Mitchell, Chip Holcomb, Andrea Reynolds, and Kathy Spaar.

During the summer, nine students from NC and a girl from Dayton, Wy. went on a 5½ week trip to France. The trip and program was called Experiment in International Living. Ann Tollefson, French Teacher, instructed the students for seven months before their trip to France.

First, they went to London for 4 - 5 days, then crossed the English Channel to France. They spent 5 days in Paris and visited such places as the Eiffel Tower, Notre Dame, and le Louvre. They then went to Limoges where each student was to stay with a French Family for three weeks. During the three weeks they had two reunions. They visited a porcelaine factory and underground caves. At the end of the three weeks the students gave a farewell party for their families. They made an American meal, danced, and had a lot of fun.

This year the French Club participated in International Foreign Language Week. Activities included Chariot races, bake sale, costume contest, and soccer games. The halls were decorated with foreign flags and the display cases were filled with International articles.

High spirits and energy are displayed by Renae Ryall as she cheers at one of the Mustangs Basketball games.

A cheerleading position carries a lot of pride and joy. NC cheerleaders work hard and are greatly appreciated. The Mustangs have received outstanding support from all 33 cheerleaders. They are involved in many activities and all school events like the Mr. Mustang Pageant and Pep Assemblies. They made scrapbooks for the Varsity Football and Basketball teams. They attend all sports events from wrestling and volleyball to swimming and tennis. They have many other projects during the year. The Junior cheerleaders had bake sales and garage sales. They made enough money to attend cheerleading camp. They have a cheerathon where each cheerleader gets pledges and cheers for 12 hours. They participate in making and riding on floats during the parades. The cheerleaders attended camp in Colorado last summer and won the Unity Award and 2 Spirit Sticks.

The Senior Cheerleaders are: Bottom row (LtoR) Mary McCrary, Terri Burbach, Lynette Hardman, Cheryl Farley. Top row; Rena Thaxton, Jamie Kepferle, Jan Trabing, Karey Mead and Renae Ryall.

'Tis Music To The Ear.

In December the NC Orchestra combined with orchestras from other schools in Casper and gave a concert at CY Junior High.

Some of the selections were works by Beethoven, Bach, Mendelsohn and Marvin Hamlisch. There were some folk songs and traditional Christmas Carols played.

It's Been A Long Time Coming

The Senior class officers are Andrea Helmick, Vice President and Tom Ackerman, President.

The Senior Class of 81 stayed busy this year. They welcomed students back to school by selling pop at registration.

During the football season the halls were filled with a strange sound, as Seniors sold clickers to raise funds and encourage spirit. The Class of 81 won first place with their homecoming float.

Other activities included the MORP Dance, Snarfathon, and the 3rd Annual Copper Classic. T-shirts were sold with the names of the graduating class imprinted on them.

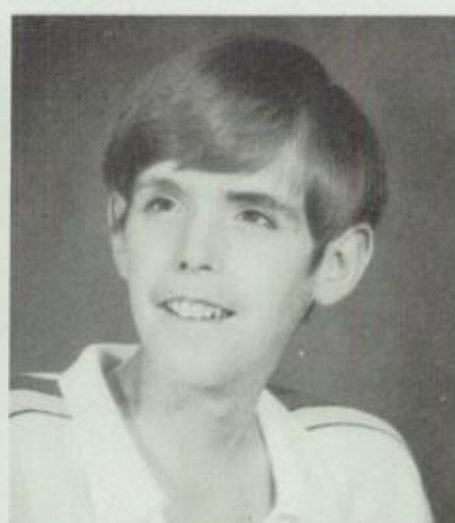

The Last Blast, the night of graduation, featured Monte Carlo Night from midnight until 4:00 a.m., with a live band and entertainment.

In Memoriam

Lynn Michael Simmons
August 30, 1963
January 17, 1981 (Senior)

There wasn't time to say goodbye,
I was called to make a play.

I was asked to be the Captain on
God's team today.

I didn't think there could be a team
as great as ole NC,

But this team is sure a great one.
I know you would agree.

There are guys here who can run and tackle
and pass the ball so good,

And I think I can help this team be
a winner - Like we could!

Don't weep too long, my fellow teammates,
for you have a life to live.

And live your life - be honest and loyal
and give whatever you can give.

Live each day to the fullest and be sure
that you always play fair.

And be proud to be a Mustang and
proud of the number you wear.

And when you leave the field of life,
don't worry of your winnings,

For it's how you played the game that
really counts in Life's final inning.

By Rory Jepson

David Wayne Billings
September 11, 1962
April 26, 1981 (Senior)

A gentle, kind heart no longer beats
A rough macho broad-shouldered appearance effectively hid his fragile nature

Struggling to grasp enough basic skills to graduate from high school
That it took him longer to achieve did not dissuade him from his goal

Older brothers' footsteps he tried to follow
Hands scarred and broken from fights and delinquent acts
A body built from boxing and working out at the Boys Club

Loyal to friends and family, a defender of the weak
Polite, respectful and caring toward adults
When others failed to achieve their potential
He was truly wounded in his soul

Failures, shortcomings, heartaches, and struggles of friends were felt
as deeply as his own
Lending assistance to a stranded teacher's aid was as true to his
character as his love of Nadene

Guarding the hallway across from my office
Leaning casually against the wall
For four years his vigil he kept
Seeing the corner where he usually stood I will not forget

Death came like a thief in the night
A gentle spirit should not leave life so
To fight the unbeatable foe was his quest
Dreams of defending and serving his country go unfulfilled
Snuffed out in a single shot to the head.

By Cecilia Rodgers

Charlotte S. Gilbert
March 14, 1922
February 23, 1981 (Teacher)

Twenty-nine years of teaching algebra, geometry
Twenty-nine years of dedication to duty
But more than that
Sessions before and after school to give needed individual help
Even lunch hours and planning periods freely given to a slower student
or one on the mend from an illness or accident

Empathy, compassion, concern, caring, understanding for students and
faculty alike
The ability to explain patiently over and over and to do it with a kind
smile
When life gave her roses, she did not curse the thorns but praised the
beauty of the blossoms and their fragrance
Kindness, love, poise, charm radiated from her like an inner glow

Referring students who needed help with problems and being joyful, even
grateful, when their lives turned around and happiness flowed again

Joy, peace, a strong, firm faith that God could and would guide and heal
An inner peace that few achieve with themselves and their Creator

Hours of service to students, family, friends and 4-Hers gladly given
A 4-H leader, a good example for others to follow, a strong Christian
One knew she was a Christian, one did not have to ask, nor was one
surprised to learn she was

An avid gardner, a good cook, a devoted wife and mother, a sweet smile,
a strong sense of self
Going the extra mile in all aspects of her life
Never a harsh word of criticism nor complaint passed her lips
Exuding pride in her children's accomplishments
A quiet, sensitive nature which occasionally sparkled with a dry sense
of humor

Hobbies galore, canning goodies from her garden, sewing, embroidering,
playing the piano
We will not see the sparkle in her eye, nor hear anymore of her music,
or dry wit
Happy that we knew her
Glad that we learned from her lessons of life that endure
But we must say goodbye

NONTRADITIONAL JOBS . . .

Times are changing. People are changing. And so are job opportunities. Slowly but surely, the age-old barriers between "men's jobs" and "women's jobs" are coming down throughout the country. Take a long look at these telephone company employees. They're proving that being the right person for a job really depends on the individual, not on his or her sex. We're working to make sex-stereotypes a thing of the past in our business. But we can't reach our goal without people like these, who have had the interest and initiative to break through traditional job barriers. Sound like your kind of thing? If it does, find out today what a nontraditional job could do for you tomorrow at Mountain Bell.

Definition of Americanism and Communism 76th Congress House Report

"(A) AMERICANISM DEFINED: In the first place, Americanism is the recognition of the truth that the inherent and fundamental rights of man are derived from God and not from governments, societies, dictators, kings, or majorities. This basic principle of Americanism is expressed in the Declaration of Independence, where our immortal forefathers said that all men are created equal and that they are endowed by their Creator with certain inalienable rights, chief among which are life, liberty, and the pursuit of happiness. From this declaration and the well-established interpretation that have been put upon it from the beginning of the Republic down to the present mement, it is clear that Americanism recognized the existence of a God and the all-important fact that the fundamental rights of man are derived from God and not from any other source. Among these inalienable rights which are the gifts of man from his Creator are: (1) Freedom of worship; (2) freedom of speech; (3) freedom of press; (4) freedom of assemblage; (5) freedom to work in such occupation as the experience, training, and qualifications of any man may enable him to secure and hold; (6) freedom to enjoy the fruits of his work, which means the protection of property rights; (7) the right to pursue his happiness with the necessary implication that he does not harm or injure others in the pursuit of this happiness. Upon this basic principle, the whole structure of the American Government was constructed. ***

The American Government was established to guarantee the enjoyment of these fundamental rights. It therefore follows that in America the Government is the servant of the people.** The characteristic which distinguishes our Republic from the dictatorships of the world is not majority rule, but the treatment of minorities. Dictatorships muster huge majorities at the polls, through intimidation and high-powered government propaganda, but these majorities are used for ruthless tyranny over minorities. The majority rule of the American form of Government is distinguished by its recognition of certain rights of minorities which majorities cannot alienate.

(B) COMMUNISM DEFINED: Communism is a world-wide political organization advocating: (1) the abolition of all forms of religion; (2) the destruction of private property and the abolition of inheritance; (3) absolute social and racial equality; (4) the revolution under the leadership of the Communist International; (5) engaging in activities in foreign countries in order to cause strikes, riots, sabotage, bloodshed, and civil war; (6) destruction of all forms of representative or democratic government, including civil liberties such as freedom of speech, of the press, and of assemblage; (7) the ultimate objective of world revolution to establish the dictatorship of the so-called proletariat into a universal union of Soviet Socialist Republics with its capital at Moscow; (8) the achievement of these ends through extreme appeals to hatred.

The Communists, like the Nazis and Fascists, believe and advocate that it is the duty of government to support the people and the right of government to exact blind obedience on all matters from the people. All three of these systems seek to regiment the people under bureaucratic and paternalistic governments through a system of planned economy. In the place of individual initiative and effort, they seek to establish a collectivism which will transform the individual into a slave of the state. Intolerance and hatred are preached in order to gain the people's adherence to the collectivistic philosophy, and the promise of economic security is constantly dangled before their eyes to lure them into slavery. The economic security of collectivism is the security of a prison. People are asked to sacrifice their fundamental rights in return for the false promise that they will gain material comfort and economic security. It follows, therefore, that Communism is diametrically opposed to Americanism. It also follows that a scheme of philosophy of government or a teaching which embraces all or any essential part of the principles of communism is Un-American."
